

Continents Statistics: Let's guess!

Topic: Rank size and population of the continents

Look the map of continents below, guess the size and population of the continents and find out the truth.

- Can you identify and label the continents from only the outlines?
 1. write down each continent name.
 2. Cut apart the cards.
 3. Arrange the continents to create a world map.

• Task: Continents Ranked by Size from largest to smallest (1-7)

1. Groups guess the size and rank from 1-7 小組先猜各洲面積與人口大小
2. Check the real data and write down their real size. 進行數據查閱並寫下真正順序
3. Do you get the right guess? If not, what's the reason for the wrong guess? 若猜錯，原因為何?
4. Make a bar or pie chart of them and use various colors to show the layers. 製作數據地圖

		Asia	Africa	Europe	Australia	North American	South America	Antarctica
Our guess	size rank							
	population							
Data research	size(km ²)							
	population							
Real rank		S:						
		P:						
Reasons For wrong guess								

Continents Statistics: Let's guess!

Topic: Rank size and population of the continents

Create an Infographic of the continents

- Data for the size & population of the continents

	Areas (km ²) 面積	Total landmass 佔全球陸地比例	Population 人口	Total population percent 佔全球人口比例
Asia				
Africa				
North America				
South America				
Europe				
Australia				
Antarctica				

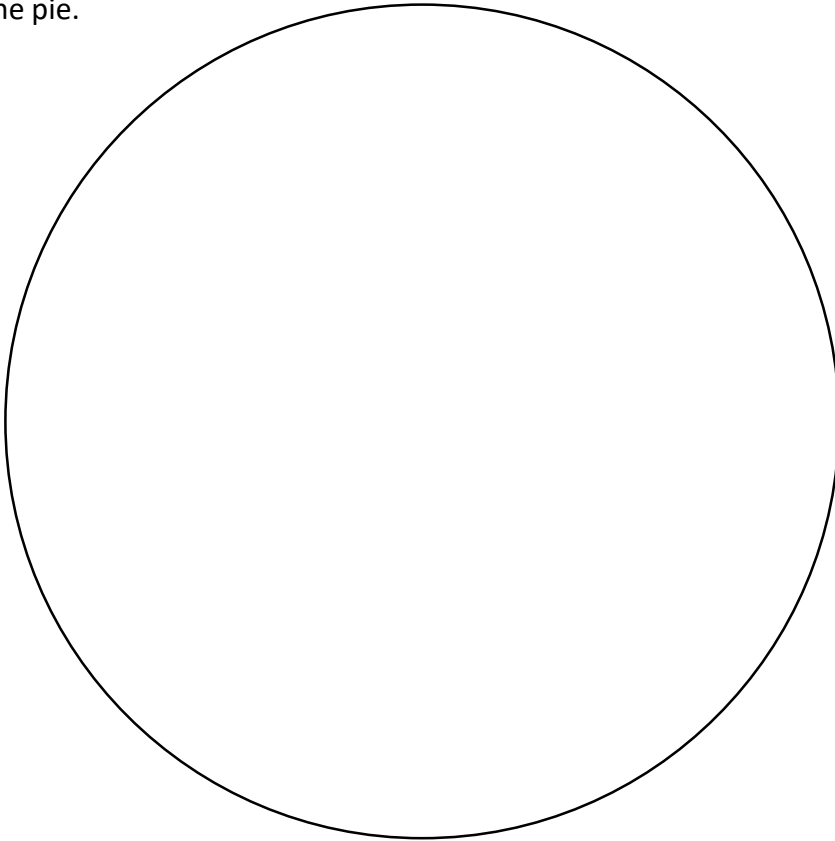

Continents Statistics

Topic: Rank size and population of the continents

Create an Infographic of the continents

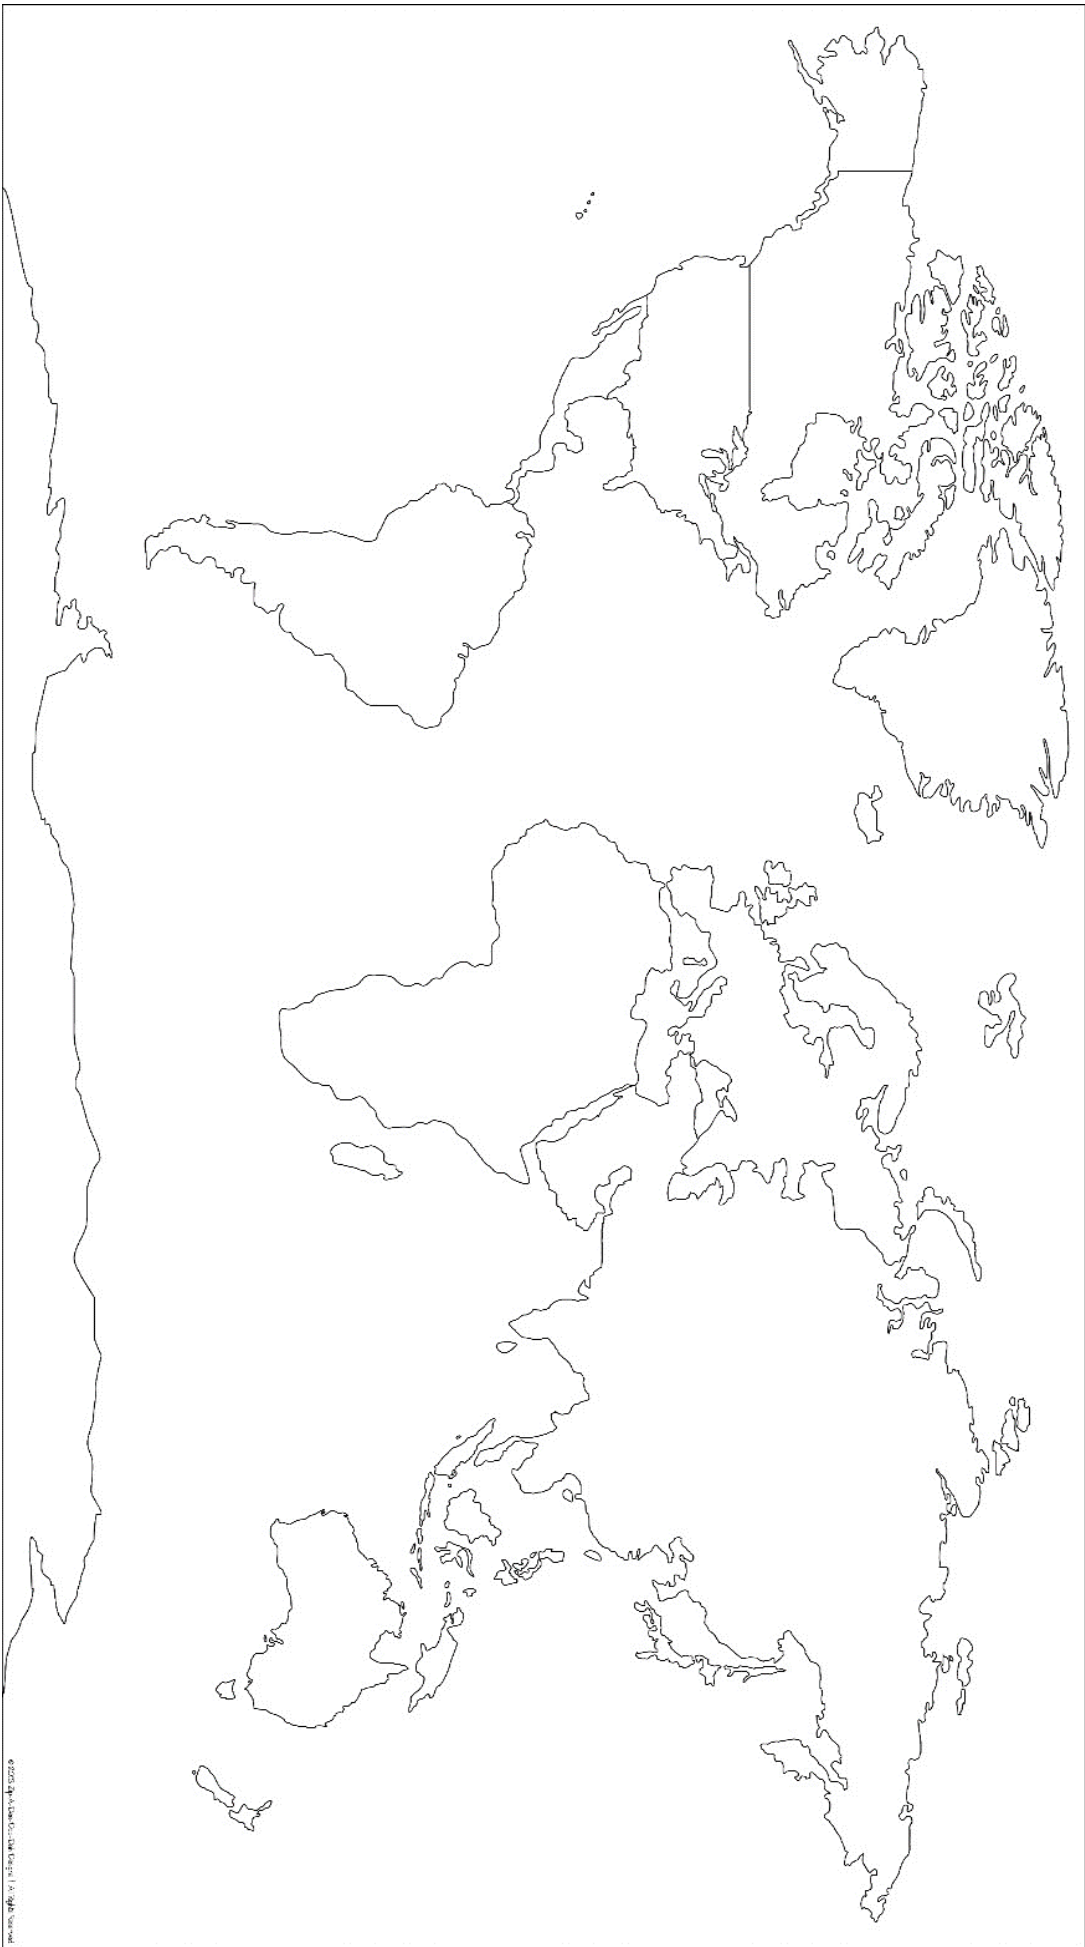

- **Pie Chart:** _____ (Area or population)

1. Unit 單位 : _____
2. Color the pie.

- **Bar Chart:** _____ (Area or population)

1. Unit 單位 : _____
2. Color the bar.
