

Here Comes the Garbage Barge 讀本影片學習單 (搭配 B4L6)

Class: _____ Number: _____ Name: _____

Pre-reading

In the US, each person throws away 1.8kg of garbage in average every day. That is, a person can produce 54kg of garbage a month!

How much garbage do you throw away each day? Here are some common garbage items. Write the number for each item and compare the table with your partner.

Items	tissue papers 	food wrappers 	disposable containers 	disposable cups or bottles 	plastic grocery bags 	disposable chopsticks or straws 
Numbers						

Post-reading

1. Did the writer of this book describe a story of a fact? a story a fact
What idea(s) did the writer want to tell the readers?
-

2. Here is a photo of the exact barge in the book, with 3,168 tons of trash.

Think of **four adjectives** to describe the barge. See if you can come up with some new adjectives that others can't think of.

(1) _____ (2) _____ (3) _____ (4) _____

3. Why can't the heavy load of garbage stay in Islip, New York?
-

4. On the right is a picture showing the route of the garbage barge. Put the places it stopped by in the correct order.

- (1) New York
- () Mexico
- () Florida
- () North Carolina
- () New Orleans
- () Belize
- () Texas
- (8) New York (Again!)

5. How did the people in Brooklyn make the garbage weigh less?

Activity

Now that you have finished reading the horrible story, take a moment to think:

How do you cut down the amount of garbage you make?

Brainstorm with your group members and share your ideas with the class.

Garbage Items	Ways to cut down the use of each item
tissue papers 	
food wrappers 	
disposable containers 	
disposable cups or bottles 	
plastic grocery bags 	
disposable chopsticks or straws 	

解答
