40 I see your point.					
41 Wow, that sounds scary					
42 As a result, earthquakes happen.					
43 However, some are really strong.					
44 They broke into many pieces, and one piece cut my knee.					
45 Yes, it's a metal straw. I can use it again and again.					
46 The outside of the Earth is not a whole piece of land.					
47 When it hit, i was there on my first trip abroad					
48 Perhaps we should use fewer plastic straws to save our ocean.					

49 Metal tableware is better for our environment because you don't have to throw it away after each use.

50 In fact, around five hundred thousand earthquakes rock the Earth every day.
