the world**

**Continent**

# Task for you.

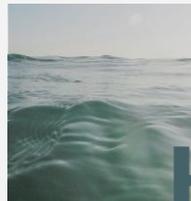

Watch and listen:

## “Continents and Oceans”

**How many 7 continents are there on earth?**

**How many 5 oceans are there on earth?**

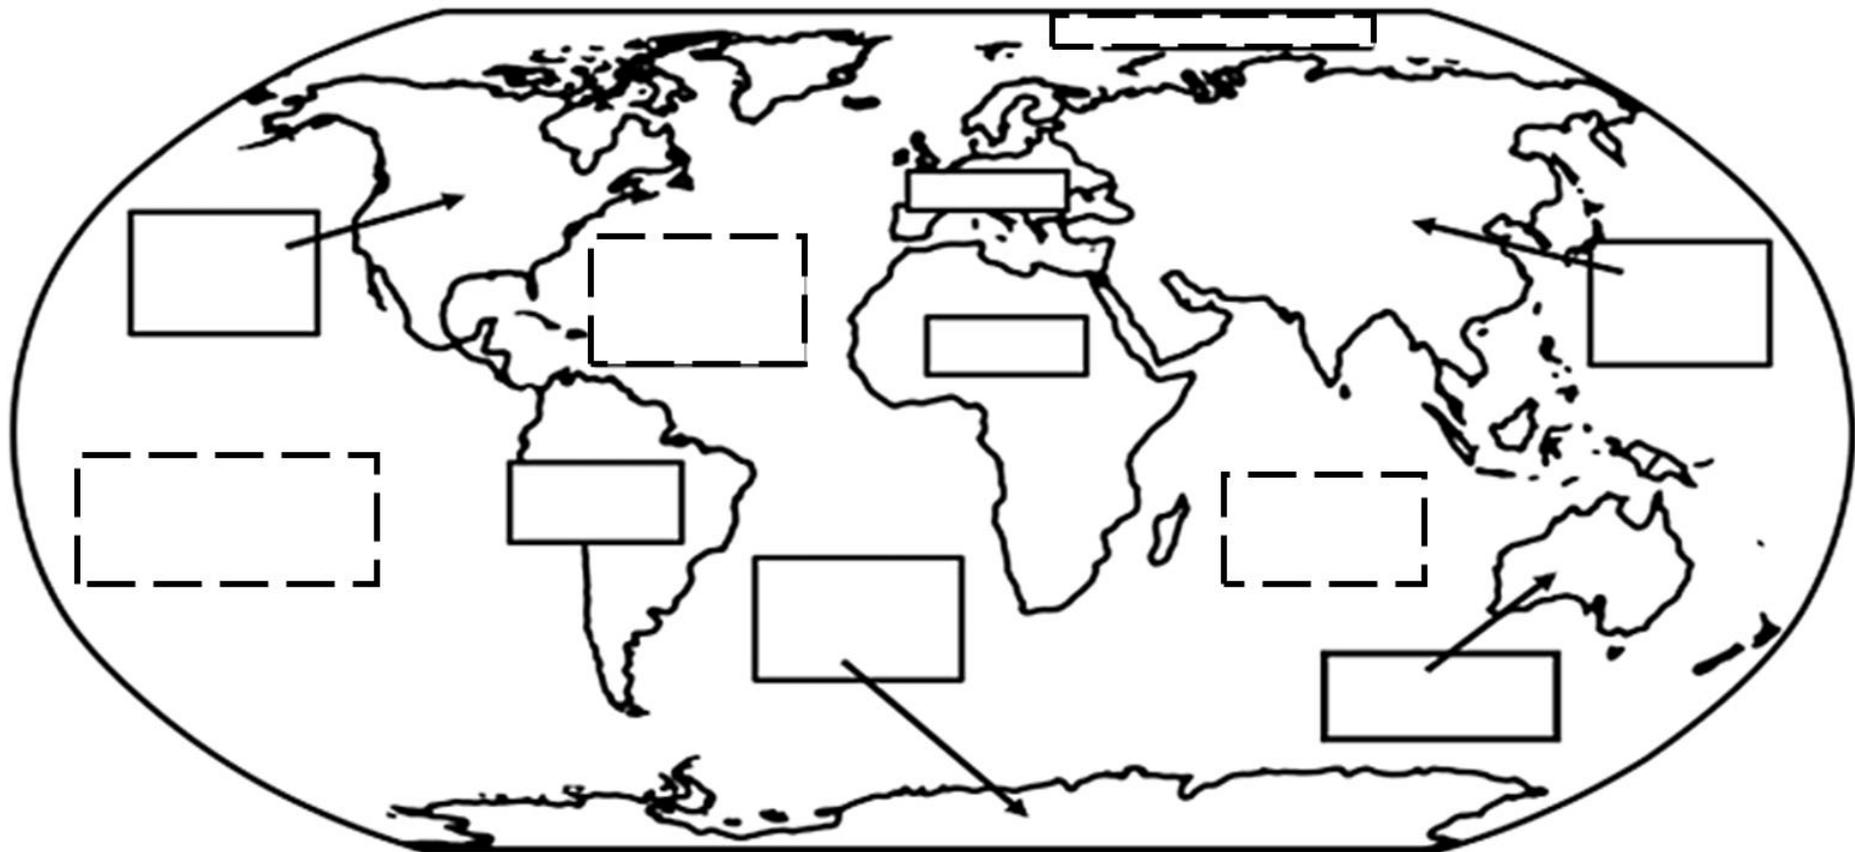

**Mark each continent name.**

**Mark each ocean name.**

Indian Ocean   Arctic Ocean   Atlantic Ocean   Pacific Ocean

North America   Europe   Oceania   Asia   Antarctica   South America   Africa

**Our Earth is a very, very, very big place!**

**It is covered by **water** and land.**

**It has five huge oceans, where we can swim,**

**And seven continents, where we can stand.**

**Our earth has five oceans and seven continents.**

Asia is the continent that has the most people.

It's also the largest in size.

It has the 50 highest mountains in the **world**—

Their peaks reach high into the skies.

Asia is the largest continent and has the most people.

## Himalayas

**Second largest is Africa.**

**It's the hottest continent of all.**

**It has the largest sandy desert in the world ,**

**And animals both large and **small**.**

**If Africa's hottest, then which is the coldest?**

**Africa is the hottest continent.  
It has Sahara Desert which is  
the largest desert in the  
world.**

**Sahara Desert**

**Antarctica—but it's so very cold. It's only home to seals, penguins, and other birds. Though there's snow, it's the driest, I'm told!**

**Antarctica is the coldest and driest continent.**

**And which is the wettest? It's South America!  
Rainforests cover much of its face.  
Millions of animal species live there.  
You'll find them all over the place!**

**South America is the  
wettest continent.  
Millions of animal  
species live in Amazon  
Rainforest.**

## **Amazon Rainforest**

**Our Earth is a very, very, very big place!**

**It is covered by water and land.**

**It has five huge oceans, where we can swim,**

**And seven continents, where we can stand.**

Let's look at **Australia**. **Oceania**

It's the smallest of continents.

The fewest people call it **home**.

Most of its land is the bushland and outback,  
Where koalas and kangaroos roam.

Australia is the smallest continent  
and fewest people live there.

**Bushland**

**Now on to Europe. Though it's rather small, It has dozens of famous old cities. Berlin, Madrid, Paris, London, and Rome— Each city is uniquely pretty!**

**Europe has many old cities, such as Berlin, Madrid and Paris.**

**Last but not least is North America.**

**It's the continent that I know best.**

**It is the home of our own United States—**

**A wonder from East Coast to West!**

**North America is the home of United States.**

**But let's not forget, there are also five oceans. Please let me be quite specific. Their names are the Southern, Atlantic, and Arctic, the Indian, and the Pacific!**

**There are five oceans on earth. They are the Southern, Atlantic, Arctic, Indian, and the Pacific.**

# Which continent do we live on?

**The continent that I live on is called Asia.**
