

Make Globe Ball

You have learned about continents, oceans and coordinate.
Now, you will get to use your skills to make a globe ball!

Materials

- ☐ Globe Ball pack
- ☐ Crayons or markers
- ☐ Scissors
- ☐ Glue
- ☐ Large blue ball
- ☐ String
- ☐ World map for reference

Directions

1. Color and cut out the continents.
2. Color and cut out the continent and ocean labels.
3. Paste the continent labels onto the pictures of the continents.
4. Blow up the blue ball.
5. Paste the North Pole where you tie your ball.
6. Draw the Prime Meridian and Equator to divide your ball into hemispheres.
7. Using a map as a reference, paste the labeled continents where they should be located on your globe ball.
8. Paste the ocean labels onto your globe ball.
9. paste the compass onto your globe ball. Be careful that the directions are pointed to the correct way.
10. Tie a string onto your ball to hang.

My feedback for Spread of the world
