How to identify the key points in an article?

How to Find Keywords ?

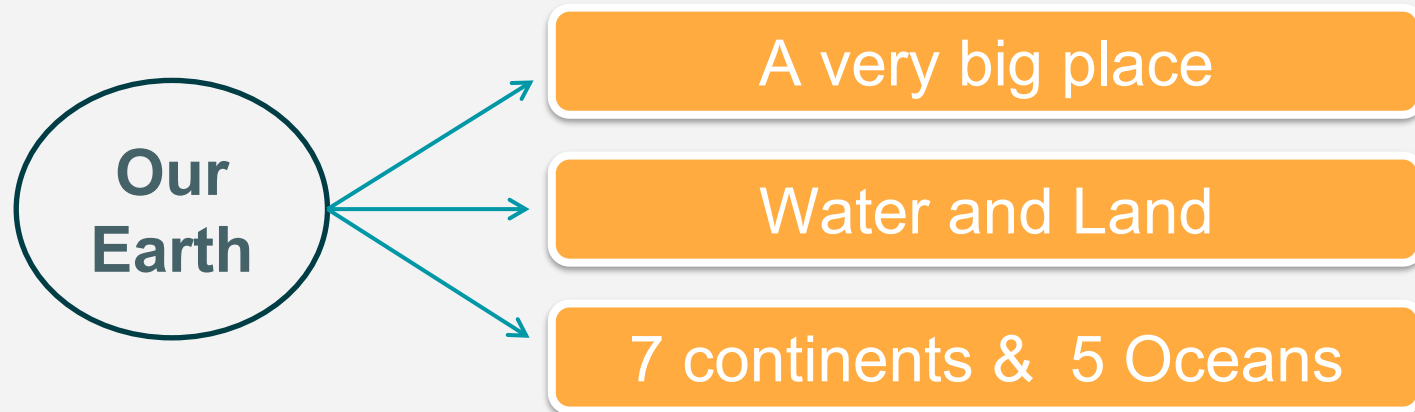

1. Read for **main idea**
2. Delete **small words** → a, the, in, and...
3. Keep **big words** → nouns, people/things, actions
4. Look for **repeated words**
5. Pick 3–5 **important words**

Our Earth is a very, very, **very big place!**

It is covered by **water and land.**

It has **five huge oceans**, where we can swim,

And **seven continents**, where we can stand.

If Africa's hottest, then which is **the coldest**?

Antarctica—but it's so very cold. **It's only**

home to seals, penguins, and other birds. ★

Though there's snow, it's **the driest**, I'm told!

the coldest

Our Earth is a very, very, very big place!
It is covered by ①_____ and land.
It has five huge oceans, where we can swim,
And seven continents, where we can stand.

1

2

Asia is the continent that has the most people.
It's also the largest in size.
It has the 50 highest mountains in the ②_____ —
Their peaks reach high into the skies.

3

Second largest is Africa. It's the hottest continent of all.
It has the largest sandy desert in the world. And animals both large and
③_____.
If Africa's hottest, then which is the coldest?

Antarctica—but it's so ④_____ cold.
It's only home to seals, penguins, and other birds.
Though there's snow, it's the driest, I'm told!

4

5

And which is the wettest? It's South America!
Rainforests cover much of its face.
Millions of animal species live there.
You'll find them all over the place!

Our Earth is a very, very, very big place! It is covered by _____ and land.
It has five huge oceans, where we can swim,
And seven continents, where we can stand.

6

7

Let's look at Australia. It's the smallest of continents.
The fewest people call it ⑤_____.
Most of its land is the bushland and outback, Where koalas and kangaroos roam.

Now on to Europe. Though it's rather small, It has dozens of famous old cities.
Berlin, Madrid, Paris, London, and Rome— Each city is uniquely pretty!

8

9

Last but not least is North America. It's the continent that I know best.
It is the home of our own United States— A wonder from East Coast to West!

But let's not forget, there are also five ⑥_____. Please let me be quite
specific.
Their names are the Southern, Atlantic, and Arctic, the Indian, and the Pacific!

10

Asia is the continent that has the most people.

It's also the largest in size.

Our earth is covered by **water** and **land**

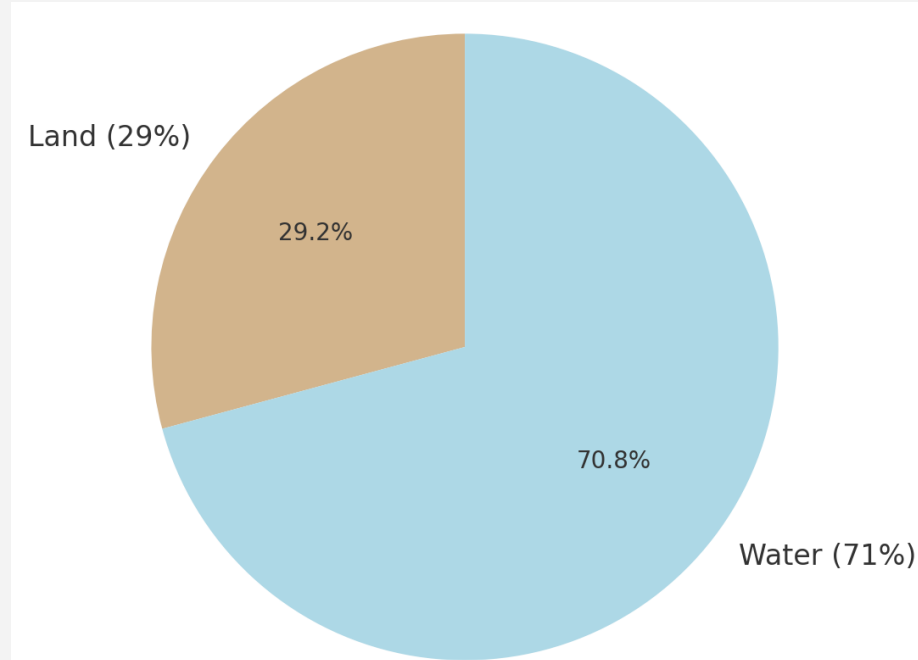

**How much
land & water
are on earth?**

Title: Percentage of Earth's Surface- Water and land

 Land

 Water

Check the data

Earth's surface area:

510 million(km²)

Thousand 千

1000

Million 百萬

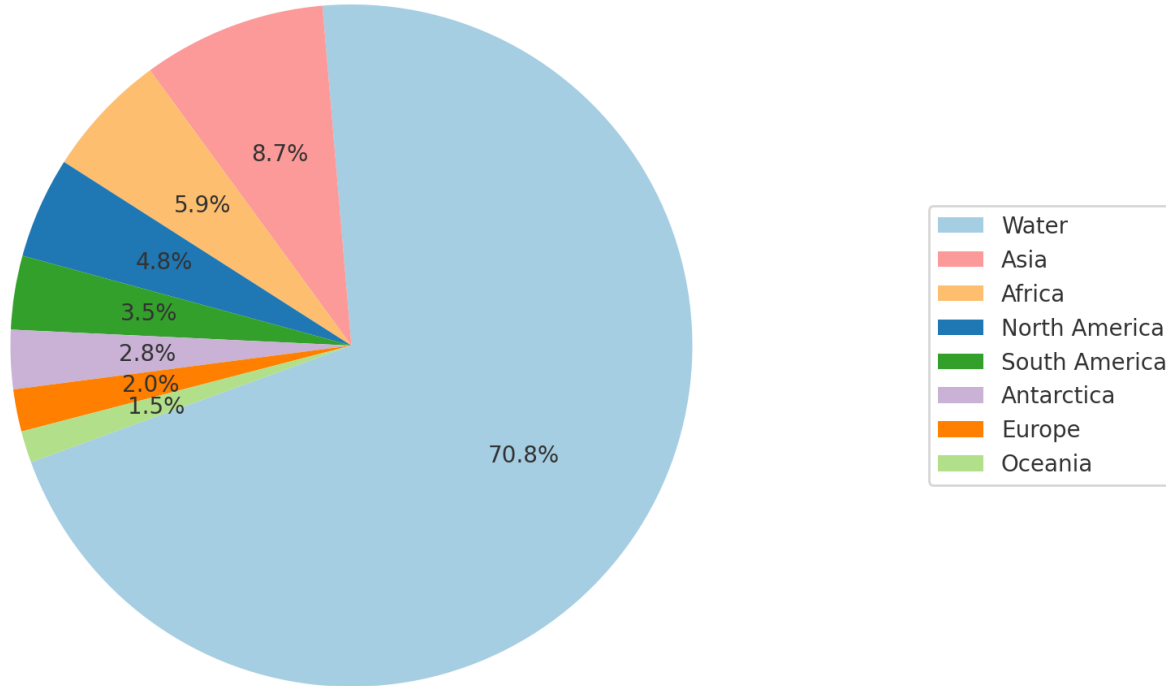

1000,000

29.2%≈30%

	Areas (km ²)	Total landmass 佔全球總面積
Asia	44,568,500	8.7%
Africa	30,065,000	5.9%
North America	24,473,000	4.8%
South America	17,819,000	3.5%
Europe	9,948,000	2.0%
Oceania	7,741,220	1.5%
Antarctica	14,200,000	2.8%

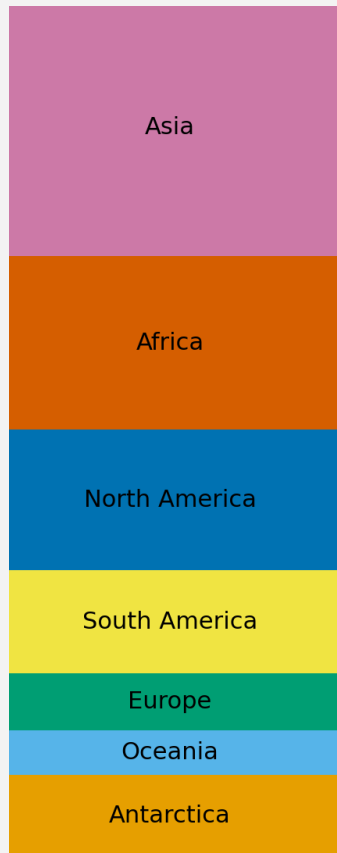

Title: Percentage of Earth's Surface- Water and land

Percentage of Earth's Surface - Water and Land

Land

29.2%

water

About 70.8% of Earth's surface, is covered by water, including...

5 Oceans

Rivers

Lakes

Pacific Ocean

Atlantic Ocean

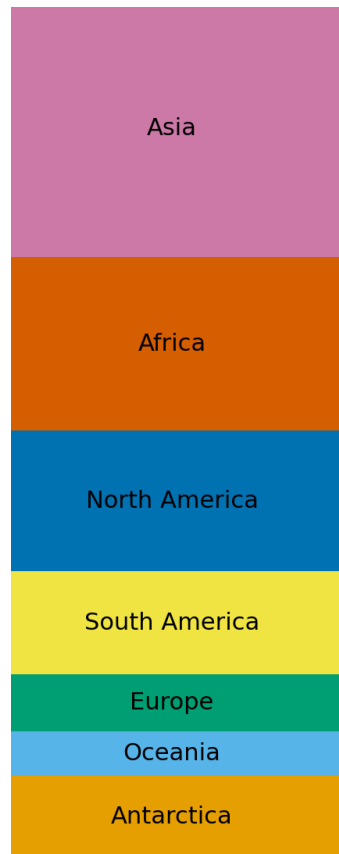

Indian Ocean

Southern Ocean

Arctic Ocean

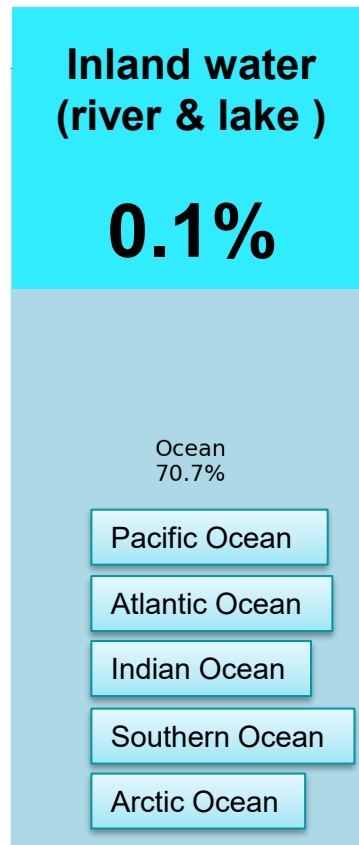

Land

29.2%

water

70.8%

Shocking fact

We only have 0.1% water for human to use !

There are 8 billion(8,000,000,000) people in the world

Think about how much water we waste everyday?

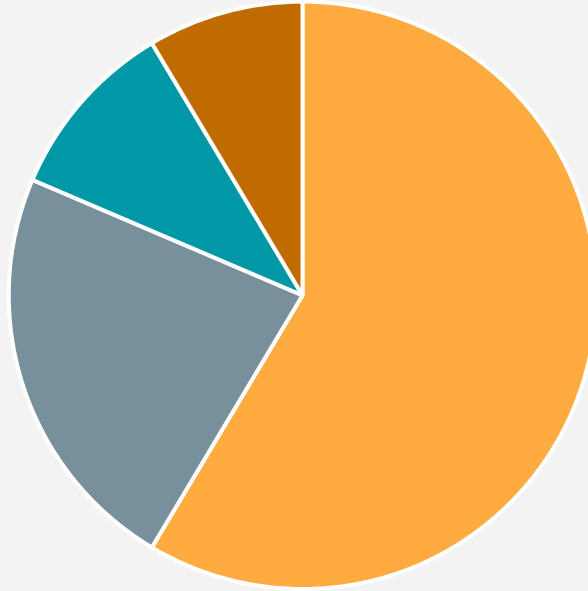

Water resources are not evenly distribution!
