Q How do you treat a cold? Is your way the same as Scott's?

1 Scott and I both rested at home last week because we were **sick** and had a fever. However, we did different things for our colds.

I went to the doctor, and she gave me some **medicine**. I took the **medicine** and didn't drink any cold drinks. I put on a **heavy coat** even on a hot summer day. I also stayed at home all weekend. Now, because of that, I am **healthy** again.

As for Scott, he didn't see a doctor or take any medicine. He kept his **body** cool and didn't wear any heavy **clothes**. Also, he ate some ice cream for his sore throat. His ways were really different from mine, but he is **strong** and healthy again now, too. **Maybe** I can **try** his "cool ways" next time.
